

cashbackclaimform 1-3

CLAIMING CASHBACK- you may not need to use all 6 claim vouchers. Please see 'Your Offer Explained' sheet that was sent with your phone. This details the number of claims you need to make and when to claim.

Failure to claim correctly may invalidate your claim.

When redeeming your cashback, we ask that one of the following claim vouchers is attached (photocopies and faxes are not acceptable) to your relevant mobile phone bill, at the times specified on 'Your Offer Explained' and following the rules in your Welcome Pack. These vouchers help us verify your details and send you the cashback.

These vouchers should be attached to the front of your mobile phone bill at the relevant claim time and not when you receive the bill. We suggest that claims are sent individually and by recorded delivery as we cannot be held responsible for loss or non receipt.

Please keep these claim vouchers safe as they cannot be replaced.

For more information about your Cashback login to your account at www.mycashbackclaim.co.uk
